

A Sydney contact for your freight

WSLogistics coordinates sea and air freight, customs clearance, warehousing and local delivery for businesses moving cargo between China and Australia.

Services

Sea freight: full container loads (FCL) and shared container space (LCL).

Air freight: discuss options for time-sensitive cargo.

Customs clearance, warehousing and local delivery coordination.

English and Mandarin coordination

Discuss cargo requirements with us in English or Mandarin. We can visit customers across Sydney by arrangement. Our Lidcombe office does not receive customer visits.

Prepare your enquiry

Share the origin and destination, cargo description, package quantity and dimensions, total weight, cargo-ready date and required services. Explain any details still to be confirmed.

How to get started

Send your enquiry, discuss the available options, then review the scope, exclusions and estimated schedule before confirming a booking.
